Tell-A-Friend...

If you have already registered as an ARRA member, you can help be a stronger voice by sending e-postcards to others. Our grassroots movement needs more voices! Use our Tell-A-Friend page to help someone else stay informed by registering to receive ARRA's legislative alerts and newsletters.

Help ARRA!

To better help ARRA advocate for responsible access, please forward any messages you receive from Members of Congress in response to this or any ARRA alert to webmaster@arra-access.com. Also, if you receive a message encouraging you to use a webform to send a message to a Member of Congress, please copy and paste the letter from the ARRA alert into the webform and send. Thank you.

Contact Environment and Public Works Committee Members: Urge Them to Act!

The Recreational Trails Program (RTP), arguably the most important government program ever created to benefit motorized recreation (as well as non-motorized recreation) faces a big hurdle in transportation reauthorization legislation! As you know the RTP funds the development and maintenance of thousands of miles of motorized trails, but without action the RTP may be eliminated.

Senate Environment and Public Works Committee Chairman Barbara Boxer has proposed legislation that will threaten the very existence of RTP and has already passed it out of Committee. It is imperative that we make sure that Chairman Boxer and the other Members of the Environment and Public Works Committee understand how important RTP is to us and to urge them to protect dedicated funding for the RTP in a manager's amendment before the bill moves forward.

Please click the [Take Action](#) link below to send an email to the Members of the Senate Environment and Public Works Committee encouraging them to act!
